

# **SMART** **SHOPKEEPER**

FOR SIMPLIFIED BILLING

## *About Shop Keeper*

Shop Keeper is developed for management of Retail Industries especially for Ready made & Textile Showrooms. Our fully featured Shop Keeper system offers comprehensive Billing, Inventory Management, Bar Coding, Accounting and many more advanced features.

## About Us

10 years of experience in Billing Software for Retail Industries, Smart Software Technologies established a Strong position with a Loyal Customer base.

Leveraging innovation to enhance Shop Keeper, we invest a major portion of our revenue and R&D efforts to make the most efficient solution for retailers.

## After Sales – Service & Support

We believe our relationship with our customers just begins when they adopt our solutions. From then on, we consistently partner to ensure our application is constantly up and running efficiently.
